Foreword

THE BAR REGISTER is published to meet the demand for a list of lawyers of superior ability who may be retained with absolute confidence.

Therefore, this directory is distinctive in that it publishes, regardless of all other considerations, only the names of lawyers of preeminent ability and standing.

Selections have been made through an intimate acquaintance with the bar, supplemented by recommendations from unquestioned authorities. Each edition has been most carefully checked and revised by prominent members of the bar. Through our traveling representatives we have verbal information from lawyers of the highest standing in every business center not obtainable through written communications.

When the service of competent counsel is required, this directory may be used with the assurance that a selection therefrom means a selection of the best available local counsel.

This directory is a medium for the interchange of litigation and law items of importance, and not for the exchange of minor commercial matters.

WHEN corresponding with the lawyers listed herein it will be an act of courtesy to mention **THE BAR REGISTER.**

THE asterisk (*) following the name of a town indicates a county seat.
